## Press Release 3/18/22

1. On March 7, 1872 Florence Township was incorporated as a community by New Jersey Legislature.

150 years is a long time. A great deal of things happened not only locally, but around the world over that span of time. Thru some of that history, Florence Township and its residents played an important role. Whether it be from the hard work of many responsible for "bridging" states across our great nation, or piping communities from one to another, or proudly serving our country during times of war or by holding positions in various levels in our legislature or judiciary branches. Maybe our view was from a pitcher's mound or by representing the United States in an Olympic stadium. Thru agriculture we've played a part in feeding the masses and as neighbors, families and friends we have all been a part of much more.

Each resident, business and organization have been a part of this history. There have been many highs and lows both locally and globally. There have been countless times for celebration and there have been moments in history that have challenged our very existence. Thru perseverance, sense of community and unwavering patriotism residents of Florence Township have proudly played a role in our town's history and beyond.

As we slowly continue forward, leaving more than two years of pandemic behind us, we look forward to celebrating as a community once again. As Spring arrives so will youth sports, parades and celebrations along with other events and activities. We thank you in advance for your support and participation. We encourage all residents to continue to be involved in your community. Support your schools, fire, police and emergency personnel. Get to know your neighbors and enjoy visits to waterfront parks and community playgrounds. Continue your patronage of local business and be a vital part of the next 150 years.

**Happy 150th Anniversary Florence Township!**
