7. Fire District

Smoke detectors save lives period. Take care of your equipment and your equipment will take care of you! Smoke detectors should be on every level of your home at a minimum. Newer homes have them on every level and in every bedroom. Never decrease the level of protection in your home and always keep what is required by the code at a minimum. Remember, codes are minimum safety standards so they are the least you have do!

DO MORE FOR YOUR FAMILY. Check your detectors, make sure they are less than 10 years old, have a escape plan for your family, PRACTICE IT, and have a MEETING PLACE! It is so easy to say you're going to do it tomorrow until an emergency happens and tomorrow never comes.

Always practice safety, be safe, live safe, stay safe;)

The Florence Township Fire District is pleased to offer the following classes for our residents to consider:

Child Safety & Babysitting

CPR Training

First Aid Class

8. Florence Township Water and Sewer

The drinking water remains in compliance, and the running average (4 quarters of testing) for PFOA is under the NJDEP limits. We are still required, however, to send out a notification letter to the residents and businesses each quarter until our new PFOA treatment plant is constructed. Florence Township has consulted with our water engineer and the NJDEP to develop a corrective action plan, and the design for the plant is underway. We will continue to test the wells to ensure the safety of our residents. For more information, please contact David Lebak at (609)-499-2518.
