Date: June 29, 2022

Re: Radio Frequency Read Water Meters

Today, bids were received for the supply of Radio Frequency Read Water Meters for the Water & Sewer Department. One (1) bid was received from RIO Supply, Inc. I have reviewed the bid submittal and found all documents to be in order. Since the existing bid for supply of the Radio Read Frequency Water Meters will expire on July 8, 2022, I would like the governing body to award the bid to RIO Supply, Inc. at the July 6, 2022 meeting. The bid amounts were within reason, considering the current market conditions and inflation since the last time the Township awarded such contract.

I have scanned and emailed the bid documents to the township attorney for his review. I'm certain he will weigh in at the meeting if he feels there are any deficiencies I may have missed in my review.
